THE STARFISH

As the old man walked the beach at dawn he noticed a boy ahead of him picking up starfish and flinging them into the sea. Finally catching up the youth, he asked him why he was doing this. The boy answered, " The stranded starfish would die if left until the morning sun."

"But the beach goes on for miles and there are millions of starfish, How can your effort make a difference?" Asked the old man.

The boy looked at the starfish in his hands and as he threw it back into the sea he said, "It makes a difference to this one.
