WHAT I DID DURING THE SNOWY WEATHER BY: DYLAN CINDRIC

Third grader, Dylan Cindric took advantage of the recent snowy weather we all experienced. He spent many hours shoveling snow from his sidewalks, driveway and garage areas. His parents were shocked he could handle the work load of all the snow. He never once got overwhelmed or said he was quitting because it was too much work. He and his sister Karly shoveled their neighbor's sidewalk and car out. He is planning on buying a new dirt bike with the extra money he made while taking advantage of all the snow!!
