So, if you have not sent in your membership dues please do so today! Remember, you can be an active or inactive member. Thank you for your support.

CAREER DAYS BY: MACKENZIE SIMPSON

I liked career days this year. My favorite thing was Reno, the therapy dog. He did lots of cool tricks. I really like the ambulance and the helicopter. I have fun doing zumba to! Exercise is fun.

MY FIELDTRIP TO ENVIROQUEST BY: LEXI HUMPHREY

On Friday October 16, Miss Jakes class went on a fieldtrip to Enviroquest. It was a cold day in Butler County but we all had a great time. We even saw snowflakes on the way there. We went to different stations to classify different types of plants and trees. At another station we had to determine how fast a river flows using different strategies. We also had to figure out which types of soil was environmentally friendly. We ate our lunch in a lodge and had fun on the long bus ride home. I think it was really nice of Miss Jake to take us on this fun field trip!

LIGHT UP NIGHT

Save the date. December 5th will be light up night festivities. We will have tree decorating, visits with Santa and the Grinch, and free crafts for the kids at the Lions building.

FORT NECESSITY BY ABBIE OKOPAL

On Tuesday, October 6, 2009 the fifth grade class went to Fort necessity. First stop Tumonville Glen. Tumonville Glen was awesome. When we were there it felt like you were actually there witnessing them fighting early in the morning on a foggy day. Second stop was the museum. The museum was interesting because it showed you everything that they used and how their life style was back then. Our class's last stop was the fort. The fort was very small and you could definitely tell why the British got defeated. There was so much open meadow and right in the middle was a small fort with a high wooden fence, and trenches around it. At the end of the day I thought I had learned a lot about the French and Indian war and had a great time!

FORT LIGONIER BY NATALIE ALBITZ

If you like adventure then you will like Fort Ligonier. Fort Ligonier is a nice calm place to visit now, but back in the day it was hectic. Guns were firing and cannon balls were flying. It is a really nice place to visit. Like I said if you like adventure you will love Fort Ligonier.

SPECIAL THANK YOU I would like to take a moment and thank Mackenzie Simpson, Lexi Humphrey, Abbie Okopaul, and Natalie Albitz for taking time out to write up a small something about what they have been doing in school.
