This School's Report Card

Report cards are an important source of information about school performance and accountability. They allow schools to compare data in a consistent way and highlight opportunities for improvement.

This report card will show not only the achievement of students overall, but also the progress that disaggregated groups are making in closing achievement gaps. Report card data help Pennsylvania school districts and the Pennsylvania Department of Education focus on specific groups of students who are currently not meeting academic standards.

The report card is designed to ensure that the public is fully informed about school performance, and to promote broader participation and better decision-making by providing a shared source of performance data. This federal initiative is based on the idea that a well-informed public plays an important part in school improvement.

Note about using Report Card Data

Report cards should be used to share information. Adequate Yearly Progress (AYP) is not measured by the strength of this report card. The data on this report card may not match AYP data published for this school.

Inside this report

1 Get **Graduation** data

Graduation rates are displayed for the most recent school year.

2 See **Teacher Qualifications**

This section includes both numbers and percentages of classes taught by teachers in this school who are highly qualified, not highly qualified, or hold emergency certification.

3 Review the **Accountability Report**

This section shows the school's performance compared with the goals set by No Child Left Behind. Student results from the Pennsylvania System of School Assessment (PSSA) are listed by disaggregated group and by Performance Level.

4 Review the **Assessment Report**

Here you can compare two years of PSSA and PASA academic performance and participation data for this school. These results are displayed by grade, subject, and disaggregated group.

School **BLAIRSVILLE HIGH** District **BLAIRSVILLE-SALTSBURG SD**

Pennsylvania's accountability system includes school assessment based on graduation rates. Graduation rates measure the number of students receiving a regular high school diploma in a given year against the total number of dropouts.

Did this school's students meet or exceed the state graduation target of 80%?

NOTE:

— To provide meaningful results and to protect the privacy of individual students, data and comparison group information are printed only when the total number students in a group is at least 10.

¹ There can be overlap among the groups since a student may belong to more than one of these groups.

Professional Qualifications of Teachers

No Child Left Behind requires that all public school teachers in core academic subjects be Highly Qualified. Teachers are generally required to be fully certified and to demonstrate their knowledge.

The definition of a Highly Qualified Teacher in Pennsylvania: 1) must hold at least a bachelor's degree, 2) must have a valid teaching certificate (Instructional I and II or Teacher Intern, but not an Emergency Permit), and 3) must demonstrate subject competency in the core content areas in which the teacher is providing direct instruction.

The purpose of this section of the report card is to compare how students have performed on the PSSA over the past two years in Reading and Mathematics. There is only one year of Science data since 2007-08 was the first year that Science was assessed. This data table captures this school's overall performance results and participation rates by disaggregated group and compares it to this school's results in the previous year. The table reflects all students taking the PSSA in Grades 3-8 or 11 who were in this school for any part of the academic year.

The Pennsylvania Alternate System of Assessment (PASA) uses performance tasks to measure the knowledge and skills of students with significant cognitive disabilities. As with the Pennsylvania System of School Assessment (PSSA), the purpose of the PASA is to provide information to school districts and other educational service providers that will help them improve instruction for students with the most severe cognitive disabilities.

This School's PASA Results

This school had no PASA data available in grades 3-8 or 11 to evaluate Assessment results.
