New Business

- We have one person on worker's comp at this time.
- SES – a cafeteria worker who got hurt in October is still being seen by a doctor. It was suggested that we place rubber mats in the freezers to keep employees from slipping. Jim said that is not possible but he is going to try to find a solution. Eric and Jim plan to inspect the freezers.
- BHS – a custodian slipped on a bag lying in the hallway and fell, hurting his arm.
- SHS – a custodian slipped in the hall because overspray from dust treatment made the floor slippery.
